FirstPass STUDIO

BROADCAST GRAPHICS FOR NETBALL

FIRSTPASS STUDIO

First centre pass to final siren.

Every moment of game night on screen, fed live from PlayHQ and run from one Mac by one operator.

ONE GAME NIGHT

Your stream, start to finish.

Sequences run each stage for you. The scoreboard follows the PlayHQ scorer, read as often as every second.

BEFORE THE GAME

1 Starting soon

A countdown with both teams, the court and the time, then a welcome with every club's logo.

LEAD-IN

2 The Clash

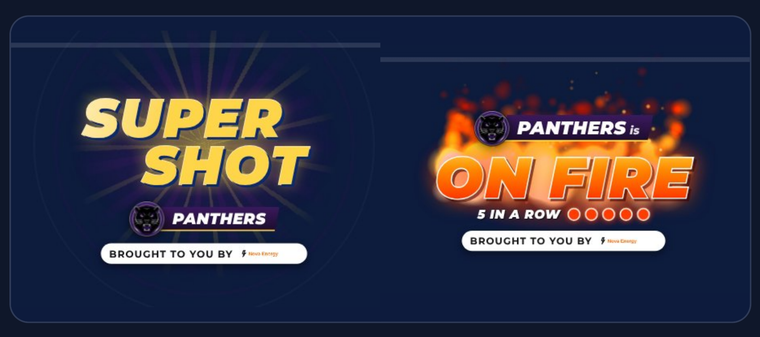

An animated match up, then form, head to head, line-ups and athlete photos.

EVERY QUARTER

3 Live scoreboard

Score, quarter and clock from the scorer, scores from other courts on the ticker.

AS IT HAPPENS

4 Big moments

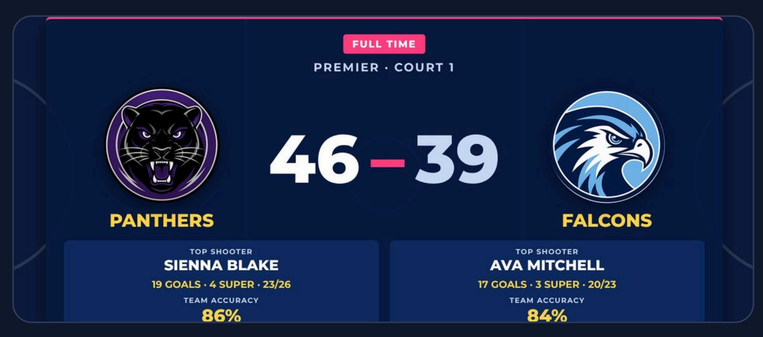

Super shots, hot streaks, hits the front and on the siren play by themselves from the goal order.

THE BREAKS

5 Ladder and sponsors

Ladder, fixtures and results, with sponsor ads taking turns and music under them.

FULL TIME

6 Result and stats

Full time, top shooters, game stats and the score worm, then a thank-you card after the last game.

PREMIER COMPETITIONS

Look like a pro league.

Every club in its own logo and colour, and sponsorship you can sell, show and prove with a proof-of-play report.

NETBALL WA · STATE LEAGUES

Every league, its own look.

One setup per competition, rules by division, and a template file that carries a whole competition to another Mac.

AMMNA · NATIONALS

Carnival days, handled.

Studio picks each game on your court as its scoring opens and moves "this round" on through the day.
